## European Academy of Nursing Science Summer School 2025

Tecnocampus of Mataro  
Metropolitan City of **Mataro, Spain**  
**June 30, 2025 - July 11, 2025**

### *The summer school is:*

- A unique opportunity for nurses undertaking doctoral studies to participate in a three-year programme of annual summer schools;
- A chance to learn about various research methods with the aim to develop, test, evaluate and implement complex interventions in nursing;
- An experience of working together with early career nursing researchers from more than 20 European countries

You have until **January 31, 2025**, to register by simply filling out the following [form](#).

Those who register and are selected must commit to participating for three years. The cost is very affordable (€125), in addition to travel and accommodation expenses.

You can find all the information at this link:
